Ausland wins the 2017 People's Choice Award

Grants Pass – Ausland Group is proud to have been awarded the 2017 People's Choice Award for Commercial Buildings by the American Institute of Architects Southern Oregon Chapter, for the 3 story, 46,000 square foot AllCare headquarters building, located at the corner of Hillcrest Drive and 7th Street in Grants Pass, Oregon.

Any project this size takes a great team: the partners involved in the project from architects to designers to the City of Grants Pass to subcontractors. This project was spearheaded by the CEO of AllCare Health, Doug Flow and the Board of Directors in early 2015. Ausland Group worked closely with AllCare Health to help build their vision of a state-of-the-art building, which would have a modern and sophisticated design that would be inviting to public, healthcare patients and employees.

Ausland Group hired architecture firm CIDA to complement Ausland's in-house local engineering team for the design. Ausland facilitated the design & engineering for AllCare Health to meet the needs and vision for this state-of-the-art new Headquarters.

The project, which was occupied by AllCare Health in December of 2016, enhances the corner of Hillcrest and 7th with an entry plaza and fountain area. A secondary plaza with seating walls and ample landscaping nestles into the northeast building corner adjacent to the new community conference space. The project brings together brick, wood and dynamic curved glass to create a stylish new landmark in Grants Pass.

Aaron Ausland said, "Ausland is honored to receive this award. Our goal is to meet the needs and desires for our clients, all the way through completion, so we can deliver on their vision. It has been a pleasure to work with everyone who worked on AllCare Health and we could not have done it with out all involved."
