SOUTHERN OREGON

Lending to People Investing for Resilience

Jeff Baker will introduce Craft 3 to the Southern Oregon business building eco-system. He'll share this new resource for start-ups and existing businesses. Craft 3 is a lender that thinks and acts differently. Are you a business seeking working capital, financing for inventory, debt restructuring, construction or post-construction funds? If you are a non-profit, a community facility, or a business that focuses on agriculture and food systems, clean energy, retail and service, manufacturing, land and water conservation or hospitality, you'll find access to funds that have never been available to Southern Oregon before. Bring a friend and come find out what Craft 3 can do!

Thursday, January 11 – 5:30 – 7:30 pm
Climate City Brewing, Grants Pass

Tickets: \$15, Free for SOREDI Members
Register at www.soredi.org/events

Ticket includes food and beverage. Beer & wine available for purchase.
