

MFR's SKY FEET Design Competition has Returned for a Fifth Year!

**FUN &
PRIZES!**

Attention all creative minds, artists, and designers! For the past four years, the Rogue Valley International-Medford Airport has held a competition to design the annual MFR SKY FEET Sock, and this year is no different! Here's your chance to **KNOCK OUR SOCKS OFF!** We would love to see designs that contain "MFR" and the year 2024, and highlight aviation and the airport as the gateway to the region. You can include local features such as the Rogue River, the Siskiyou Mountains, area lakes, hiking, fishing, pears, wineries, breweries, etc. One excellent artist will have their design featured on the 2024 MFR Sky Feet sock.

Get ready to take the MFR Sky Feet Socks competition to the Skies!
